LFN Infrastructure Working Group

LFN Infra Work Group

Weekly meeting to discuss LFN infrastructure and POCs

- Infrastructure Working Group Summary Report
- Meeting notes
- CI-as-a-Service Platform Research
- SCM Support by CI Platform

Audience: internal or external

Goals: to identify where projects fit in the open source landscape, identify overlaps and gaps of projects, in that landscape and look for dependencies and touchpoints between projects.

1. Working Group members and expertise
