Common NFVI Telco Task Force (CNTT)

Communications

HOW TO BECOME INVOLVED & ENGAGED

August 19, 2019

CNTT invites all community members to get onboard. The time is now. *Our message is simple: help us create a sustainable Common NFVI ecosystem.*

Become a lead, co-lead, or contributor by clicking the contact and email list links below to sign-up and get engaged…

Requirements & Specifications: Gather and define requirements for the Reference Model, Reference Architecture, and Reference Implementation solutions to simplify development and delivery of VNFs onto a Common NFVI shared technology ecosystem.
Contact: Rabi Abdel, Walter Kozlowski
Signups for Mailing Lists: Reference Model, Reference Architecture

Testing: Work within the Linux Foundation's OPNFV, CVC, and OVP ecosystems. Identify, leverage, and harmonize, open source projects, industry tests, and verification standards to accelerate NFVI verification.
Contact: Fu Qiao, Mike Fix, Kyle Greenwell

Certification: Develop compliance requirements and certification standards for CNTT specifications.
Contact: Fu Qiao, Mike Fix, Kyle Greenwell

Adoption: discover, design, and execute a plan that engages key decision makers and influencers for buy-in, clarifies the value-proposition, then envisions and communicates a path to adoption.
Contact: Beth Cohen, Rabi Abdel, Mark Cottrell
Signup for Mailing List: Governance

Recruiting: get the right people, right skills, and right places – this is about creating and maintaining a volunteer army.
Contact: Rabi Abdel
Signup for Mailing List: Governance

Marketing: develop a blueprint and lead industry to development and adoption of Common NFVI Reference Model and Reference Architecture standards and get OPNFV certified.
Contact: Heather Kirksey
Signup for Mailing List: Governance

Calendar & Contacts

Working Groups - **all times UTC**

Main Calendar: Standing Weekly Meetings (via Zoom online meetings)

Tues/12pm – CNTT RA Master Progress

Weds/11am – CNTT Technical Steering Committee

Thurs/12pm – CNTT Governance

Thurs/1pm – CNTT RM Master Progress

Additional Working Groups – Please Contact Chapter Owners

Reference Model Chapter Development

> o   Ongoing standard development on Reference Model

Reference Architecture Chapter Development

> o   Ongoing development on Reference Architecture

Antwerp, 3rd Workshop, Sept. 26th and 27th

> o   This working session will be a great opportunity join the discussion in a face to face setting. Working session objectives include:
>
>> ▪   Advance work on the Reference Model
>>
>> ▪   Refine the Reference Architecture definitions
>>
>> ▪   Address implementation considerations for OPNFV and the OPNFV Verification Program (OVP)
>>
>> ▪   Continue efforts on Community Engagement, Adoption, Recruiting, and Marketing

This will be a hands-on meeting, so please come prepared to work, propose, and collaborate on solutions. Immediately follows ONS Europe.

> o   Register **here**.
