Minutes

Review of Exception / Exemption Policy

- Reviewed the document and agreed to submit the proposed text to the LFN board for approval.
- Action Item: Lincoln to submit document for board approval.

Update from Rabi on performance testing

- Working with some operators and project teams, and is expecting to present an initial proposal at the next meeting(s).

Updates on logo / marketing for LFN programs at large

- No Updates for this meeting.

VNF Certification (Slides from Steven)

- Slides provide a current state of play for VNF testing within the ONAP project and provides a proposal for how to "slice up" the VNF testing.
- Steven will work with each ONAP VNF testing project to review the slides and will work on getting ONAP TSC approval for the approach on the slicing.
- Expecting to provide a report back to CVC for the January 7 CVC meeting

Meeting schedule for remainder of 2018 and early 2019

- Next teleconference meeting would be January 7.
- Will plan to do a face-to-face meeting during the plugfest week , as an additional meeting (January 8-11).

Any Other Business

- What is the long term strategy / evolution for the compliance programs working with Dovetail.
- Action Item: Lincoln to create a slot and set the initial topic for this discussion during the plugfest face-to-face meeting in January.
