Open talk about the OpenDaylight release process

01/11/2022 https://wiki.lfnetworking.org/x/gAboAw

Agenda bashing / items proposal

Some frequent questions

- self-managed vs managed projects release : pros and cons
  - docker / helm distribution impact
  - autorelease
  - CSIT
  - etc

- MRI and MSI projects differences

Identified topics

- Documentation adherence to LFN Gerrit repo and RTD

- Difficulties for downstream projects with buggy dependencies in MSI

- Release rebranding -
https://wiki.opendaylight.org/display/ODL/Release+rebranding+survey

Thank you
