

DLF NETWORKING

LFN Developer & Testing Forum

Welcome!

Heather Kirksey, VP, Community & Ecosystem

Anti-Trust Policy Notice

- Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrustpolicy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Code of Conduct

- The Linux Foundation and its project communities are dedicated to providing a harassment-free experience for participants at all of our events, whether they are held in person or virtually. Linux Foundation events are working conferences intended for professional networking and collaboration within the open source community. They exist to encourage the open exchange of ideas and expression and require an environment that recognizes the inherent worth of every person and group. While at Linux Foundation events or related ancillary or social events, any participants, including members, speakers, attendees, volunteers, sponsors, exhibitors, booth staff and anyone else, should not engage in harassment in any form.
- For the complete Code of Conduct, please see <https://events.linuxfoundation.org/about/code-of-conduct/>

Registration

Please register if you have not already done so!

- This is a personal request from the staff; doing this makes our lives much, much easier
- It's also important for us to track participation, trends, etc.

Logistics

Kenny Paul, Sr. Technical Community Architect

Here's What You Need to Know...

- LFN Tech Slack instance
 - Join using this handy link
 - lfntech.slack.com
- Getting Help:
 - Your community coordinators
 - *#helpdesk* channel in Slack
 - Email to events@lfnetworking.org

Using the TeamUp Schedule

<https://teamup.com/ksgw6qzqcmg9zbzsfq?date=2022-01-10&view=MD4>

The schedule does not refresh automatically if it is changed

Please do a periodic reload to make sure that your schedule is up to date

IMPORTANT! PRESENTERS AND HOSTS

Instructions:

- On Thursday instructions were sent to the presenters list lfn-dev-event-presenters@lists.lfnetworking.org
 - If you did not receive this email please check your spam/junk folders
 - If you can't find it please send an email to events@lfnetworking.org

Session Notes Pages: <https://wiki.lfnetworking.org/x/XQlyAw>

- You will upload your recordings and presentation materials to the page(s) you have already created

Presenters - During Your Session

- **Please be respectful of the clock**
- **Connect to Zoom**
- **Claim the Host role** *(see the instructions emailed to the presenters list)*
- **Start the recording**
- **Stop the recording** when your session time is up
- **Reassign the Host** (if possible) to the next session's owner rather than ending the session

Presenters - Post Session

- Rename your Zoom .mp4 file to match your session name
- Upload a PDF of your materials & recording to your session page
- Edit the Daily Summary

Daily Summaries @ 16:30 UTC

<https://wiki.lfnetworking.org/x/Yg-oAw>

- Add a new table row for your session under your Project name if needed
- Keep it to one or two key bullet points of note
- Provide the link back to your session page for any details and slides
(*TIP: check the “recently viewed” menu in the wiki popup*)
- Community leads will highlight what they consider to be the sessions most relevant to the entire LFN community during the daily review
- Thursday: Discuss Q2 Virtual Event

- We will share the link in the next day or two
- Depend upon this input to adapt and adjust these events to meet community needs
- Also it is another thing that is super important to the staff, please and thank you! ;-)

Upcoming Events

June 13-16 LFN Developer & Testing Forum, Porto, Portugal
(fingers crossed for a break in COVID-19)

Go Forth and

Learn. Teach. Create. Listen. Collaborate. Be Kind.
