Anti-Trust Policy Notice

- Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

- Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrustpolicy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.
Code of Conduct

- The Linux Foundation and its project communities are dedicated to providing a harassment-free experience for participants at all of our events, whether they are held in person or virtually. Linux Foundation events are working conferences intended for professional networking and collaboration within the open source community. They exist to encourage the open exchange of ideas and expression and require an environment that recognizes the inherent worth of every person and group. While at Linux Foundation events or related ancillary or social events, any participants, including members, speakers, attendees, volunteers, sponsors, exhibitors, booth staff and anyone else, should not engage in harassment in any form.

- For the complete Code of Conduct, please see https://events.linuxfoundation.org/about/code-of-conduct/

Event Logistics

Kenny Paul, Director, LFN Technical Operations

wiki.lfnetworking.org

Where Can I Find…

- Zoom links are in the schedule

- "Topic Pages" on the wiki contain all the other session details & content

- If you are looking for content or a recording and cannot find it on the topic page for that session, please contact the presenter directly

Event Schedule

- TeamUp does NOT auto-refresh after a schedule change
  – Please do a reload after breaks

- You can change the timezone in the lower right corner of the TeamUp page if needed

Thank You Presenters!

IMPORTANT!

You have been added to the D&TF presenters list:
lfn-dev-event-presenters@lists.lfnetworking.org

- That list is used for all communications that may affect you

- An important email with instructions and hostkeys was sent on Feb. 3rd
  – If you did not receive this email please check your spam/junk folder
  – If it isn't there please send an email to events@lfnetworking.org

Running a Session

- Grab the Zoom link for your session from the schedule
- Connect to Zoom
- Claim the Host role to share & record
    (*see the instructions emailed to the presenters list*)
- **Start the recording**
- **Stop the recording when the time is up**
- Rename your recording to match your session after it has rendered
- Upload your content to your session's Topic Page as soon as possible
    - Slides (In PDF format please)
    - Session recording from Zoom
    - Any meeting notes

Pro Tip: Ask someone to take notes directly on your topics page during your session

Event Survey

- LFN depends upon this input to adapt and adjust these events to meet community needs
- It is also another tool that is super important to the staff ;-)
- This is in addition to the Ops Survey (overall technical operations)
- Please give us as much feedback as possible

Final Thoughts
As Always, Be Excellent

- When we're here, we're **ONE** team
- We debate and do it respectfully
- We listen
- We are kind
- We solve the most interesting and challenging problems facing networking
- It's an adventure, so let's have fun

Be inspired by the bees

And of course…..Cellular Networks
