

LFN End User Advisory Group (EUAG)

The Governing Board of LFN has established the End User Advisory Group to assist and support LFN. The LFN-EUAG is made of individuals from end-user organizations, including telecommunications carriers, cable operators, network, application, compute or storage service providers.

EUAG 2.0 / Re-Boot

In ONS 2019 North America, it was decided that EUAG needs a re-boot and renewed focus on the objectives of this group.
