

2024-02-14 LFN AI Taskforce Minutes (0200 UTC)

Date: 14 Feb 2024

Community Attendees:

Community Attendees: [Beth Cohen](#) [Hui Deng](#) [Walter Kozlowski](#) [Sandeep Panesar](#) [Li ngli Deng](#)

LF Staff: [Ranny Haiby](#) [LJ Illuzzi](#)

Recording

Agenda

Antitrust Policy

- Agenda Bashing (Roll Call, Action Items (5 minutes)
- General Topics
 - New bi-weekly meeting cadence
 - AI White paper update
 - Short term activities:
 - [Thoth](#) project - Telco Data Anonymizer Project
 - [Intent Driven Orchestration for an Autonomous 5G Network](#) -China Mobile/Infosys project under the 5G SBP with AI functionality
 - Strategic use case analysis
 - ONE Summit and D&TF Planning
 - Upcoming Meetings
 - AOB

Pending Action Items

- ☒ [LJ Illuzzi](#) setup APAC friendly time for every other meeting

Minutes/Talking Points

- New bi-weekly meeting cadence:
 - Wed 02/14: 02:00 UTC
 - Wed 02/28: 1500 UTC
 - Wed 03/13: 02:00 UTC
 - Wed 03/27: 1500 UTC
 - etc
- AI White Paper update: [AI in Networking white paper](#)
 - Ranny and Beth would like to see the updated whitepaper highlight some of the key Use Cases
- [Thoth](#) project- Telco Data Anonymizer Project
 - Update from [Sridhar Rao](#): https://docs.google.com/presentation/d/1fEw_fkRwLY-wVApTb2t-zu8Mjy_5rGFbe93qv9aAfpw/edit#slide=id.p1
 - Copy of the presentation

Telco-Data-Anonymization.pptx

- Researchers based in India are available to help with this project.
 - Next Steps:
 - Call for contributors from the AI Taskforce community
 - Potential to create a separate project
 - ...
- [Intent Driven Orchestration for an Autonomous 5G Network](#)
 - [Keguang He](#) Project introduction shared with the team on 01/31: [Introducing Generative AI Solution Based on Large Models- v1.0.pdf](#)
 - Next Steps:
 - Setup regular meeting between China Mobile and Infosys. This meeting?
 - Planning for a demo or basic functionality in the ONE Summit timeframe
- Strategic use case analysis- [Muddasar Ahmed](#)
 - Wiki working page: [LFN AI Taskforce Use Cases and Assets](#)
 - [Muddasar Ahmed](#) reached out to Orange for feedback- pending
 - Some previous work on use cases: [AI/ML data and model sharing](#)
 - LJ asked if there should be alignment or correlation between the use cases of: [AI/ML data and model sharing](#) and the Strategic use case analysis work being done.
 - Beth would like to see a security Use Case
 - Ranny and Beth would like to see the updated whitepaper highlight some of the key Use Cases
- ONE Summit and D&TF Planning
 - Strategic use case analysis; what can be delivered for ONE Summit?
 - [Intent Driven Orchestration for an Autonomous 5G Network](#) - demo or PoC of basic functionality, project deep dive?
 - AI White Paper- how do we package and present this? Leverage LFN Marketing collateral?
 - Ranny shared an AI Taskforce progress chart. The expectation of the Taskforce is to provide recommendations and launching the necessary initiatives. It is anticipated that the Taskforce can deliver on some of the milestones.
- Next Meeting:
 - 28 Feb 2024 1500 UTC
- Any Other Business
