Overview

The CNTT (Common NFVI Telco Task Force) launched officially in June. Its mission is to define a common NFV Infrastructure to simplify the development and deployment of virtualized networking application for the telecom industry. The group held its first community wide F2F meeting with around 80 vendor and operator attendees, with the objective of gathering requirements for the contents of the Release 2 document.

GSMA and LF Networking are excited to announce that the next F2F meeting is schedule to follow the ONS EU Summit in Antwerp. This meeting will be a great opportunity to advance the Reference Model work, continue to refine the Reference Architecture definitions, and address implementation considerations for OPNFV and the OPNFV Verification Program (OVP). This will be a hands-on meeting, so please come prepared to work and propose solutions.

As a reminder, the CNTT GitHub can be found here: <https://cintt-n.github.io/CNTT/>

If you'd like to review the materials from the Paris meeting, they can be found here: [CNTT Technical F2F Work Shop, Châtillon, France, July 23-25, 2019](#)

The link to the GSMA and Linux Foundation agreement to support the CNTT initiative can be found here: <https://www.linuxfoundation.org/press-release/2019/06/linux-foundation-and-the-gsma-announce-partnership-to-further-align-nfvi-efforts/>

Logistics

When

September 26th and 27th 9am - 6pm local time (7a - 4p UTC)

Where

Radisson Blu Astrid Hotel, Antwerpen

Koningin Astridplein 7, 2018 Anvers

Room: Esperanza 3+4

This is the same venue as the ONAP, and OpenDaylight technical communities will be holding their meetings.

This page will be continue to be updated as additional logistics are confirmed.

Registration

Registration for this free developers event is now open and available [here](#). While walk-ins are welcome, registration is requested for planning and communications purposes.

Remote Attendance

Remote attendance is supported and will be facilitated through a zoom meeting bridge. Zoom bridge for remote attendees: <https://zoom.us/j/314170028>

Related Event @ ONS EU 2019

On the day prior to the start of this workshop, Wednesday, Sept. 25 @ 13:50, participants of this CNTT workshop are also urged to attend the ONS panel discussion, [The Common NFVI Taskforce \(CNTT\): Building Consensus on NFV Infrastructure](#), for an introduction to the Common NFVI Lifecycle Framework and discussion following.

What

Common NFVI Telco Task Force Developers Face to Face meeting.

Agenda

Day 1 - September 26, 2019

Sessions / Duration	Major Area & Key Topics	Presentation
	Facilitator(s)	Materials
	Detailed Description	
(08:00)	Registration	
Welcome https://zoom.us/j/314170028		
(09:00) 10 Mins Thu	Welcome Messages Heather Kirksey-Linux Foundation, Michele Zarri-GSMA <i>Housekeeping</i> <i>Conference Bridge, WiFi, Breaks and Lunch, Room Access</i>	 CNTT-20...-26.mp4 Poor audio quality as no patch into sound system was available. Used simple speaker/phone to monitor room audio.

(09:10) 15 Mins Thu	Opening Remarks Mark Cottrell-AT&T <i>Executive leaders invited to comment. Opening round table remarks to outline importance, perspectives, value being sought. Key partners, operators, GSMA, and LFN leadership invited up.</i> Level Setting - Rabi Abdel-Vodafone, Gergely Csatari-Nokia, Petar Torre-Intel <i>Current state of global framework build out, provide insight guidance on future release scope backlog.</i> Notes: https://etherpad.opnfv.org/p/CNTT_F2F_General_Meeting_Notes_Sept2019	 CNTT Int...NAL.pptx +  CNTT_SEP...pub.pptx
(09:25) 5 Mins Thu	Agenda Review Jonathan Beltran-AT&T <i>Brief overview of agenda and how organized</i>	 CNTT_Agenda_R...20190926.pptx
Refining The Standard – Reference Model		

(09:30) 60 Mins Thu	Botrange Release Current Status & Lessons Learned Rabi Abdel-Vodafone, Walter Kozlowski-Telstra <i>Brief status / main in-flight items</i> <i>Development velocity: Too fast, too slow, or just right?</i> <i>Barriers to engagement?</i> <i>Alignment challenges: new foundational constructs (i.e. levels)?</i> <i>What else has changed in our approach & thinking?</i> <i>Some components more complex than others?</i> <i>Methods and tools to produce? How do we get to 'stability'?</i> <i>Notes: https://etherpad.opnfv.org/p/CNTT_F2F_General_Meeting_Notes_Sept2019</i>	 CNTT_SEP...pub.pptx
(10:30) 30 Mins Thu	Break	
(11:00) 45 Mins Thu	RM Release 2.1 – Beyond Botrange Supporting Containers Beth Cohen Mark Shostak Bernard Tsai <i>Key Questions:</i> <i>How do we resolve issues/directional conflicts?</i> <i>I.e. VMware and Kubernetes?</i> <i>Current State:</i> <i>Priorities (by Chapter or feature)</i> <i>Open Issues (Github)</i> <i>Targeted Next Release</i> <i>Roadmap:</i> <i>Identify and define key modelling gaps</i> <i>Milestones</i> <i>Timelines</i> <i>Notes: https://etherpad.opnfv.org/p/CNTT_F2F_Reference_Model_Notes_Sept2019</i>	
(11:45) 45 Mins Thu	LFN Community Projects Meetup #1 Gergely Csata-Nokia, Jim Baker-Linux Foundation, Jonathan Beltran-AT&T Projects <i>Community Share and Idea Exchange</i> <i>Current Status</i> <i>Future Plans</i> <i>Q&A</i>	 CNCF TUG...tro.pptx CNCF TUG:

(12:30) 30 Mins Thu	RM Release 2.1 – Beyond Botrange Infrastructure Abstraction & NFVI Features Mark Shostak-AT&T, Karine Sevilla-Orange, Bernard Tsai- DT <i>Infrastructure Abstraction</i> <i>NFVI Features</i> <i>Container Integration</i> <i>Storage</i> <i>Paris Issue Resolution</i> <i>Q & A</i> Notes: https://etherpad.opnfv.org/p/CNTT_F2F_Reference_Model_Notes_Sept2019	 CNTT_Ant...0923.pdf
