Agenda

- Task report
- Minutes
- Hacking Track & Plugfest Planning
- OVP Release Planning
- HEAT VNF Validation Updates
- TOSCA VNF Validation Updates
- Any other business

Minutes

Hacking Track & Plugfest Planning

- Presented to the board, board feedback was positive, but also also for consideration of CNFs or similar.
- Webinar planned for October 22.

OVP Release Planning

- Release gates have been documented here OVP 2019.12

- ☑ Lincoln Lavoie to work with the Dovetail team to fill up the NFVI release info for OVP 2019.12

- ☑ Rabi Abdel to work with the TOSCA team to fill up the NFVI TOSCA release info for OVP 2019.12

HEAT VNF Validation Updates

- No specific discussion points for this meeting.

TOSCA VNF Validation Updates

- During the ONS EU 2019 event, some discussions around results format, the team agreed they will adopt the same results output format already agreed by HEAT / Dovetail, captured here: https://wiki.opnfv.org/display/dovetail/Results+Requirements+of+OVP+Portal

Any other business

- Group would like more lead time on input to the LFN board from the CVC

Outstanding Action Items

Task report

Looking good, no incomplete tasks.
