## Minutes

### OVP Submissions

- ZTE 3rd Party Lab Submission
  - Results: [9cd34c64-eff9-11e9-904e-0242ac110002](#)
  - Still needs review of the results, then we will schedule a presentation here to review the other materials, etc.
    - Need to assign reviews.
    - AP: Rabi to send an email to community asking for reviewers.

### OVP 2019.12 Release

- Release plan tracking is here: [OVP 2019.12](#)

### Beyond 2019.12 Release

- Brainstorming.
  - discussed possible restructuring of OVP to differentiate ONAP related testing from Generic ones.
    - Great feedback received.
    - We need to continue discussion.
  - Performance testing is challenging.
    - currently custom tools (application/vendor specific) are used to configure VNFs or inject traffic.
    - we need to start simple and being able to leverage open source tools.
  - Cloud Native:
    - Discussion is still ongoing and we will continue to give the community update about the progress.
