Notes:

- Walk On Items
 - Request from VNF Testbed organizers. Are there any Vendors on the call who can participate? Can recommend / name two VNFs to bring and try?
- Housekeeping
 - Proposal to cancel Dec. 26th and Jan. 2nd calls. Consensus agreed to this.

- GSMA & LFN Updates
- CNTT Prague F2F
 - Reviewed Gaps and Path forward doc. See changes and proposed path forward.
 - RM Ops and RM Com merge with RM Core session
 - RA1 merge with RA1 Core discussion.
 - Reviewed Latest CNTT specific Agenda. LFN has a master agenda on which all CNTT session will also be also.
 - LFN All hands event "Cross-Community Roadmap Review" 4pm-5:30pm Day 3, CNTT should send reasonable contingent.
 - Will include focus on dependencies across roadmaps.
 - Day 4 folks focuses on Governance.
 - **Action Item - Rick Tennant Confirm people willing to facilitate. Doodle poll to confirm other planning to stay for it.**
 - Governance important and will impact success of CNTT if we don't get participation and effort.
 - By Monday the LFN 'master' calendar will be populated so folks can begin planning their schedules.
 - **Action Item - Jim Baker will send out template for presentations.**
 - **Action Item - Jim Baker to send out latest registration numbers.**
 - So far, 51 registrants from CNTT
- Additional event schedules: by end of Prague event, should be announcing June/July event date. 4 day event.
 - After Prague will be 2-day workshop collocated with ONS. **Action Item - Jonathan Beltran put this event on LFN and other ONS even June/July (time and place to be announced)**
- Technology [Rabi Abdel](#)
 - Reviewed attached status preso.
 - Each "generation" will have a definition. Similar work being done on CNCF side.
 - RI_RC
 - Reviewed deck.
- Plugfest
 - VNF Vendors attending Prague, need volunteers for VNF Testing Challenge.
 - Need to get VNF Vendors familiar with tool chain, start VNF onboarding journey, understand the tool chain.
 - Maybe useful to have smaller roundtable to discuss challenging barriers for Vendors.
 - Is the main idea to try the test tooling? Well, would be awesome to come out of Prague with VNF compliance with ONAP.
 - [Heather Kirksey](#) - looking to ensure vendors are early in the process from an Agile perspective.
 - [Mark Cottrell](#) - we need some friendly VNF companies. Large, Tier 2, 3, to help us trial and harden up the certification process.
 - Need to address the chicken and egg issue of whether it is adding value or not. So looking to try to back into process.
 - Need to have confidence can say CNTT certified VNF adds true value on Day 1.
 - **Action Item - discuss Friendly trial VNF community partners in Prague (possibly day 4)**
 - [Jonne Soininen](#) - need to figure out what type of VNF would make sense (to start with as 'friendly')
