## Actions:

- [Mark Shostak](#) to tag content that should move to RC from CH08.
  - 8.2.1 {1 of 2} (RI Requirements): RA1-Specific; recommend moving to RA-1
  - 8.2.4 (Requirements): Discuss on next call
  - 8.3.1 (Entry/Exit Criteria): Can discuss; does anyone see strong impetus for keeping in RM?
  - All other sections: Safe to move to RC or wherever

## Minutes:

- Scheduling discussions re: Baldy release
  - proposal to push out the baldy release timeframes, cancel hallasan, move directly to release aligned with Antwerp meeting
  - Discussion is to keep the current schedule for the face-to-face meetings at end of april
  - Gov meeting considering this tomorrow.
- RM Chapter 8 removal discussion
  - Agreed that duplicated content between this and RC1 should be moved into RC1
  - RM CH08 still has a place to normalize the meanings of badging across RC1 and RC2, so wholesale moving of the chapter may not be the right action.
  - Selective content moving to RC, and building up of RM CH08 content in accordance with the plans in the Baldy roadmap, is the perspective of the RM team.

- [Mark Shostak](#) to tag the content that should move to RC from CH08.
- CNTT Networking Focus Group
  - By the end of the next week, plan is to have consolidated content from multiple PRs into one, for Baldy release.
  - Expect to be on track for the Baldy release in terms of finalizing content.
