Outstanding Action Items

Task report

Looking good, no incomplete tasks.

Agenda

- Task report
- General Updates
- Incoming OVP Reviews
- 2020.r1 Release
- Cloud Native Subcommittee
- Any Other Business

Minutes

General Updates

- Board review / approval of the updated CVC moved to email. Need to confirm the outcome with LF staff.

Incoming OVP Reviews

- Affirmed Networks VNF: Content Service Module
 - Submitted May 5, not yet reviewed
 - Yan Yang confirm with Lincoln Lavoie whether the review request has been sent to CVC review group
- Yan Yang mentioned that Spirent has also submitted a formal test certification application for tosca VNF to CVC now, and Yan Yang will track Spirent to get the latest status.

2020.r1 Release

- Infrastructure
 - Update from Rabi Abdel :
 - Test Coverage : Traceability Matrix for CNTT Reqs: <https://wiki.opnfv.org/pages/viewpage.action?pageId=56295596>
 - Total: 84 requirements, **50/84 MUST** - 60%, 30/84 **SHOULD/MAY** - 40%
- VNF Bading
 - ONAP Frankfurt release has almost finish RC1 milestone
 - Badge version update and Readthe docs update is now complete for Heat-based VNFs
 - Kanagaraj Manickam update : The badge version haven't updated for tosca-based test suits and will not deliver in ONAP Frankfurt release
 - Kanagaraj Manickam update: The documentation has been updated, but need to confirm whether the update happend in ONAP Readthe docs or OVP documentation in OPNFV , will discuss with CVC further.
- Portal
 - Dovetail project has reported the resource needs fo OPNFV TSC, hope the situation can change
 - X-testing result processing is the biggest workload within OVP portal. Kanagaraj Manickam has discussed with x-testing PTL cedric, ideally the Dovetail team and X-testing team can work together to support this.
 - For the OPNFV Test API , Yan would like to know more details from Lincoln.

Cloud Native Subcommittee

- Trevor Lovett update: One Key Decisions from April F2F
 - "CNTT's RA-2 will be the location and hub for CNF Requirements"
 - CNTT RA-2 will cover three resource CNF requirements:
 - CNCF conformance requirements
 - ONAP CNF onboarding requirements
 - RC2 CNF conformance requiremntns from infrastructure perspective
 - Need have a clear scope between different CNTT WS and OPNFV, now CNTT RC and OPNFV CIRV are put together for a meeting
- Trevor Cooper mentioned that there is a WS7 is about ONAP POCs & Existing Development Work to support CNFs and there is also a CNF task force in ONAP, would like to know the ONAP roadmap for CNF supporting.

Any Other Business

- The June Developer and Testing Forum date has move to June 22-25 from it's original date of June , if there is any ideas or thoughts about CVC planing sessrion during the event , you can send email to Lincoln and Yan
- Next CVC Meeting: May 25, 2020
