- Publishing plans
    - LFN.org and ONAP.org websites
    - Links will be sent out once the white paper is posted - please cross-share the links to the white paper

LFN Virtual event week of 22 Jun 2020

- will be presenting an overview of the whitepaper @ the vDTF 2020 June Virtual LFN Developer & Testing Forum Topic Proposals

July webinar

- The LFN MAC coordinates a webinar series and EUAG is proposing a 1 hr. webinar of the whitepaper later in July

CNTT

- Ahmed El Sawaf has agreed to provide the bridge between CNTT and EUAG
- More on this topic in the next meeting

VNF testing automation survey

- 6 responses so far - please add your ideas: https://www.surveymonkey.com/r/KKF5V6Z
- Hoping to get double-digits response

Release G requirements

- Summarized in a spreadsheet for reviewing Release G Consolidated Requirements-16June2020.xlsx

☑ Lei Huang Javier Ger Please review and summarize which of the requirements made it into ONAP Guilin and which will be carried forward to a future release; Compare spreadsheet to ONAP Guilin requirement candidate list https://wiki.onap.org/x/LyJIB (spreadsheet to Jira numbers)

- Received requirements from: Swisscom/TIM/STC/Vodafone/Orange/China Mobile/NTT Labs/Bell Canada/AT&T/Telecom Argentina
- Also need to prioritize the EUAG requirements AND represent the requirements in the ONAP TSC calls
- Kenny Paul reminded the EUAG that the primary source of influence is allocation of resources
    - it was noted that the "what resources are you. contributing" column in the requirements summary got dropped from the spreadsheet for RelG

☑ Atul Purohit to reach out to Catherine Lefevre to determine the best way to represent the EUAG requirements and arrange a call

EUAG beyond ONAP

- EUAG was formed when several of the projects had their own advisory group, ONAP did not have one
- How can we grow the understanding of the projects and EUAG representation of each
- Too much for any person to be familiar with all of the LFN Projects - Probably need to have subgroups
- Proposal: round-robin project review- similar to TAC review, but geared to a different audience that may no know about a project.
    - How can EUAG help your community?
    - What feedback would be most valuable to your project?

☑ Jim Baker to help coordinate a set of project summaries from the project technical leads in the EUAG
