

# 2020-07-08 - [CNTT - RM Workstream Master] Agenda and Meeting Minutes

## Attendees:

Please add your name in here:

- [Walter Kozlowski](#) (Telstra)
- [Pankaj Goyal](#) (AT&T)
- [Karine Sevilla](#) (Orange)
- [Rabi Abdel](#) (Vodafone)
- [Gergely Csatai](#) (Nokia)
- [Trevor Cooper](#) (Intel)
- [Petar Torre](#) (Intel)
- [Tom Van Pelt](#) (GSMA)
- [Al Morton](#) (AT&T)

## Special Notes:

- **Weekly RM meetings are intended to**
  - Plan RM and Network related work
  - Identify owners for new Issues/PRs
  - Track open Issues/PRs
  - Address technical issues that cannot be resolved online (i.e. resolve stalls)

## Agenda:

- [Linux Foundation Anti-Trust Policy Not](#)
- [GSMA Anti-Trust Policy Notice](#)
- Recording Policies:
  - <https://zoom.us/rec/play/uMAuluyogG43EtWS4QSDAf4oW9XsKP2s1CQW-fYNzXu3VSiGN1L3Z7YSNOX-H7MYUyogBulNABoVavXq?autoplay=true&startTime=1589371628000>
- Recording:
- Agenda bashing
- Planning RM cleanup/updates for Baraque release

| Chapter.Section | Content                                                                                                                                                                                      | Issues                                             | Owner  | Comments                                                                                                                                                                                                                        |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chapter 0       | From <a href="https://github.com/cntt-n/CNTT/tree/master/doc/tech#4.0">https://github.com/cntt-n/CNTT/tree/master/doc/tech#4.0</a><br><br>Cloud iNfrastructure Telco Taskforce wiki document | As per GSMA feedback, need to add CNTT intro       | Walter | <a href="#">Rabi Abdel</a> to put into the doc root directory as Chapter 0, and do updates                                                                                                                                      |
| Chapter 1       | Address issues                                                                                                                                                                               | GSMA feedback<br><br>Issues: <del>1542, 1321</del> | Walter | Issue #1464 moved to Ch03<br><br>#1542 closed<br><br>#1321 fixed, closed<br><br>Reformatted to align with the GSMA feedback, PR #1750<br><br><a href="#">Rabi Abdel</a> to create separate chapters for acronyms and references |
| Chapter 2       | Address issues                                                                                                                                                                               | GSMA feedback<br><br>Issues:                       | Walter | Ahmed to move uses case to sec 2.2 (Issue # 1751)<br><br>GSMA feedback addressed in PR# 1752                                                                                                                                    |
