

# 2020 October Virtual Technical Event

## Welcome to the October Virtual Technical Meetings.

### Information:

The LFN Technical Meetings are being held over three days, October 13 - 15, 2020. Once again we will be virtually gathering the LFN technical communities to progress our releases, discuss architecture, and continue the forward momentum of open source networking. We will use a combination of online tools to create a productive and interactive virtual meeting environment. Registration is required and registrants can attend any of the LFN Technical Meeting sessions as desired.

### Logistics:

October 13-15, 2020

[View Event Website.](#)

[Register Here.](#)

Note: Our registration system is now integrated with the Linux Foundation Single sign-on (SSO) platform. After clicking "Register Now", you will be prompted to log in with your existing SSO account or to create a new one. If you have forgotten the password for an existing account, reset it by clicking "Forgot Password." You will also be able to use 3rd party authentication providers (Gmail, GitHub, LinkedIn, and Facebook) to automatically generate your SSO Account. If you experience issues, click the "Contact Us" link on the Registration page to connect with our support team.

### Event Slack Channel

Please join the Slack channel for the event here: [https://join.slack.com/t/lfn-tech/shared\\_invite/zt-i1l4joeb-en8JWoa~Uwy4EJ8OI2HN8Q](https://join.slack.com/t/lfn-tech/shared_invite/zt-i1l4joeb-en8JWoa~Uwy4EJ8OI2HN8Q)

### Details for Presenters:

- Please use the [LFN Technical Meetings PowerPoint Template](#) for your presentations.
- We request that you be on your assigned bridge 5 mins prior if possible and sharing your session's cover slide
- We encourage you to use the following virtual background if your systems supports it: [LFN Zoom Background Image](#)
- Sharing must be started by the host account.
- Auto-record to the cloud is set by default for most sessions. If there is not a presenter change between sessions, please ensure that you stop the recording and then start a new one.
- If desired you or your scribe can create/edit minute pages on the [2020 October Virtual Technical Event Minutes](#) page.
- **Presenters are responsible for:**
  - **Uploading your presentation materials to your session on the [Topic Proposals](#) page.**
  - **Adding a brief post-session summary to the [Daily Summaries](#) page - especially for any working sessions**
  - **Uploading the cloud recordings to the wiki- see instructions below**

## UPLOADING RECORDINGS

- We want to consolidate recordings in one location to ensure that we don't lose any of them. It takes some time to render the recordings, usually 10-15 mins for a 1 hour recording. So you will need to go back later to get the recordings. (*LFN Staff will handle the uploads of sessions that take place on the plenary bridge*)
- To upload:
- Use the previously distributed Zoom account info to login as the account assigned to your session
- Once logged in, click on the "recordings" link in the left hand navigation menu
- Find the session with the start time column entry that matches the day and timestamp for your session
- Verify that the recording is indeed for your session :-)
- Download the recording to your computer
- Rename the file to match your session.
- Upload it to the Recordings page on the LFN wiki: [2020 October Virtual Technical Event Recordings](#)
- **delete your recording from the Zoom account after it has been uploaded to the wiki.**

## Support:

Community Program Committee Leads and Event Help:

- OPNFV: [Sridhar Rao Lincoln Lavoie](#)
- CNTT: [Scot Steele](#)
- ONAP: [Chaker Al-Hakim Ranny Haiby](#), [Seshu Kumar Mudiganti](#), [Timo Perala](#)
- OpenDaylight:
