Agenda & Minutes

CN OVP Committee Election Results

- Congratulations to [Marc Price](#) for his election as co-lead of the CN OVP committee!

Restructuring Work Stream Tracking

Align the work streams with the badging proposed in the last meeting. Attempt to reduce overlap, clarify ownership, and track progress. In most cases, the work is primarily driven by a specific community. The focus of OVP is not to duplicate that work, but use this meeting to track progress, identify/remove roadblocks, and ensure cross community alignment.

Recap Categories of Conformance (copied from [OVP 2.0 Boot Strap](#))

- A. Cloud Platform Conformance
 - **A1. CNTT RA-2 Compliance**
- B. CNF Conformance
 - **B1. Cloud Native (i.e. CNF Conformance)**
 - **B2. Functional (i.e. CNTT RA-2 Compatibility)**
 - **B3. ONAP**
 - **B4. Performance**
- C. Cloud Platform Benchmarking
