Minutes

NFV Testing Automation white paper

- Saad Ullah Sheikh reviewed the draft of the white paper
    - Requesting input from Orange
    - Scott Blandford What is the purpose of the white paper?
        - Define recommendations of NFV automated testing architecture
    - Beth Cohen Let's get clear on target audience and motivation of reading paper
        - Operators and vendors can benefit from a best-practice and case study of architectures
    - The paper is a case study, NOT a EUAG position paper
    - Workspace for NFV testing automation white paper development
    - Follow up 03 Nov 2020 EUAG meeting

5G adoption white paper

- Lei Huang Want to create a survey to focus on requirements for Intelligent Network and AI 27 Oct 2020
    - eg. closed-loop AI and end-to-end testing driven by AI
    - Beth Cohen creating a more concise version of the survey23 Oct 2020
- Saad Ullah Sheikh 5G Adoption Experience white paper https://wiki.lfnetworking.org/x/awxoAg
    - Awaiting input from EUAG members as denoted in the text in workspace

Virtual Event Postmortem

- What went well
    - Meaningful conversations were had
    - Good attendance & engagement
    - Engaged ONAP and CVC teams
    - platform worked well
    - teamup calendar was useful
- What should we do differently next time
    - Continue to engage with ALL the open source communities in the future
    - Keep CNCF at the sessions as the containerized workloads grow in importance
    - Slack difficult to use inside corporate firewalls
