

CNTT RC2 - Kubernetes

Slack - You can join the CNTT slack [here](#). Join the RC2 channel for quick chats and to know when I running two minutes late from my last meeting ;)

Wiki - You can find a lot of information on the [LFN wiki](#). In the future, you will find our meet minutes and other scratch pad things.

Mailing List - Still working on getting this set up so in the meantime please just reply all to this thread.

Github team - If you haven't yet, request to join the [RC2 GitHub team](#). This will make it easier for us to stay organized and do @mentions. You can find the actual documentation [here](#).

Etherpad - We used this one to set up the [workstream](#) and will use [this one](#) at the virtual event.

Meeting time - Thursdays at 16.00 UTC
