Guests:

## Agenda

- Start the Recording
  - [Antitrust Policy](#)
  - Agenda Bashing (Roll Call, Action Items (5 minutes))
  - General Topics
1. 5G white paper - [Saad Ullah Sheikh](#)
  2. Intelligent network survey (Follow up)- [Lei Huang](#) [Beth Cohen](#)
    - a. Target distribution plan
    - b. Response Window
  3. NFV testing and automation white paper - [Lei Huang](#) [Saad Ullah Sheikh](#) [Beth Cohen](#) I have a paper I wrote on this topic that has some materials that I think can be useful for some of the materials.

## Minutes

### Intelligent Network survey

- Want responses from both operators and vendors
- How to prevent bias in the survey results - getting a high number of respondents is key to reducing bias
- Distribution plan: Broad community response - EUAG + LFN community + LFAI and Data + Q4 newsletter
- [Beth Cohen](#) Wants to rewrite some of the questions for better responses + AI practitioner related Qs 07 Dec 2020
- [Jim Baker](#) [Brandon Wick](#) Publish date: 09 Dec 2020
- End date: 08 Jan 2021

### NFV testing and automation white paper

- [Lei Huang](#) shared a draft version of the white paper. Collaborators: [Saad Ullah Sheikh](#)
- The paper is a case study NOT a EUAG position paper
- There are a couple areas still needing contribution [Saad Ullah Sheikh](#) [Lei Huang](#) [Beth Cohen](#)
- Planning final draft: 31 Jan 2021
- [Randy Levensalor](#) to add section on third party testing, vendor testing, end user testing

### 5G White Paper

- No new status
