Messaging Framework

The team reviewed the current messaging framework and took the action to consolidate the comments and aim to make this final/approved by the next meeting. The current, proposed messaging is available here: <https://wiki.lfnetworking.org/x/G4W-Ag>.

Comms Planning

The team reviewed a draft comms plan available here: <https://docs.google.com/document/d/1ifT6-HGczTXZap10tddQlqwPtZuJw1KKNBFbrOeZhk/edit?usp=sharing>. Next steps are to identify the speakers/topics for the "meaty" discussions, short executive video snippets, and to create initial messaging /details for the registration page.

Pitch Deck / Quotes

Bob is leading the outreach to key community members / executives for supporting quotes. These will be leveraged for the launch materials and pitch deck.

Meeting Time

The current meeting time (Thursdays at 9:00 AM PT) is problematic for multiple team members. We'll continue to meet at this time through 2020 and change to a more convenient time in 2021. Brandon will send out invitations for Dec 10 and Dec 17 and a Doodle poll to help determine a better time next year. In 2021, we'll continue to meet weekly through Q1 and then reassess.
