## Minutes

### Testing white paper

- Beth reviewed the white paper edits - streamlining the paper to reduce the length and improve the focus - target 7-10 pages (currently 20 pages)
- Working on a compelling executive overview
- Re-organizing the paper to go from general principles to more specific details
- Massimo suggests including reference to other testing activities (TM Forum, ETSI, etc.)
- Propose draft completion mid-February - need 2 weeks for creative services review/refinement
- Suggesting inclusion of graphics
- Plan a early March webinar for presentation of paper

### DTF topic review

- Several of the topics are discussions and will be combined
- Desire a 30 min session of EUAG and CVC
