## **Anuket Assured Re-Launch Release Plan**

## Objectives

- Launch update infrastructure badging for VM and CNF infrastructures (RA-1 and RA-2 respectively)
  Re-brand under new marketing due to the retirement of the OVP brand
  Implement new platform to support registration, submission, review, and badging work (favor off the shelf SaaS over custom built tooling)
  The following dates assume a July 2021 release time-frame.
