Minutes

TAC and EUAG collaboration on AI/ML

- AI/ML data and model sharing
    - EUAG members asked to visit the link and share use cases OR specify interest with listed use cases
- Notes from the previous TAC/EUAG meeting: https://wiki.lfnetworking.org/x/EoEZAw
- Acumos collaboration?
    - ONAP able to import Acumos data into DCAE

NFV testing white paper progress

- Final draft due 28 Feb 2021 with submission to MAC for review
- SDO info options Cecilia Corbi
    - shift to appendix
    - independent white paper
    - More content in the wiki?
    - How can we draw attention to the alternative SDO data - Brandon Wick to announce white paper could provide another pointer
- Chap 7.4 update Lei Huang
    - Streamlined much content and referenced OVP
    - ETSI TST006 defined pipeline and processes for DevOps test frameworks and templates - removed some recommendations!
