-
- Anuket Assured [Beth Cohen](#)
 - Looking to EUAG to support the badging program (See 18 May 2021 email <https://lists.lfnetworking.org/g/lfn-euag-members/message/593>)
 - Schedule [Lincoln Lavoie](#) to come speak to the EUAG on the program
 - Thoth AI/ML [Sridhar Rao](#)
 - Contributions to Whitepaper: (a) Data Models for different Problem domains (b) Survey of published (industry and academia) works - problems, techniques, and gaps
 - CNI Plugins to consider for Benchmarking [Sridhar Rao](#)
 - Default: Flannel* , MACVLAN, IPVLAN, calico - Not considered for performance benchmarking
 - High-Performance: SRIOV, Userspace CNI (OVS, DPDK, VPP) - Currently done.
 - Vswitch Based: OVS - Not Done yet.
 - **Under-Consideration: celium (eBPF), ...?**
 - [Heather Kirksey](#) opportunity for a whitepaper on CNIs and data planes driven by telco workloads as a whitepaper? Something like "how to chose a cni"
 - Seems to be a lot of interest in eBPF on the Enterprise side of things
 - The test frameworks are there, but lack the telco based data.
 - More discussion needed
 - AI Whitepaper update [Yuhan Zhang](#)
 - Should also look at work coming out o the ETSI Experiential Networked Intelligence Industry Specification Group (ENI ISG) <https://www.etsi.org/technologies/experiential-networked-intelligence>
 - ETSI -ENI working area <https://portal.etsi.org/tb.aspx?tbid=857&SubTB=857#/>
 - [Beth Cohen](#) pending changes need to be merged
 - Panel session accepted about whitepaper for ONE Summit
 - Also AI paper from CMCC accepted
 - Need to evaluate potential overlap of the material
 - Elections
 - Last elections were in Aug of 2020 - time to kick off a new cycle - watch for email from [Kenny Paul](#)
 - Joint meeting with Anuket?
 - Topics? Is there a need?
 - Anuket Assured - may not be relevant after [Lincoln Lavoie](#) attends this call
 - Badging probably the right focus. Will decide following above discussion
 - Tabling any joint TSC meeting for now

Action items
