Original OVP Directories

- Question: How to handle the original badge listing. Current portals are broken for login, so it's not possible to get to the detailed results.
- Options:
  - Maintain / fix the portal for login and maintain it.
  - Convert the listed badges / SUT information to a static HTML page.
- Agreed to convert the original NFVI / VNF directories to a static page, clearly denoting the listing are being maintained as historical information for the OPNFV program and the listings do not meeting the current Anuket Assured Requirements.

Any other business
