

2022-01-13 - Anuket: Traffic & Load Generators as Pods - Opportunities and Challenges

Topic Leader(s)

- [Sridhar Rao](#)
- Daniele Zulberti

Topic Overview

For Inter-pod dataplane performance analysis, it becomes mandatory to run Traffic-generators as Pods. In this talk we will present the opportunities and challenges considering these scenarios and opensource tools.

Slides & Recording

- Live Interactive Session

TGen-LoadGen-K...hallenges.pptx

Agenda

- Challenges in using Traffic-Generators for benchmarking dataplane performance in Kubernetes - mainly for East-West Traffic
- How these challenges will be addressed in ViNePerf.
