

2022-01-13 - ONAP: ONAP data provider presentation and short demo

Topic Leader(s)

- [Michal Jagiello](#)
- [Piotr Stanior](#)

Topic Description

30m [Michal Jagiello](#)

Demonstration of *ONAP data provider* to create resources in declarative way.

Topic Overview

We have been working on a tool that can help ONAP users to create resources without using any API, but describing them in YAML format files. We would like to present the results of our work

Slides & Recording

YouTube

Please indicate your session type in the blank space below and then remove this Info field.

- Demo / Informational (non-interactive)
 - You may be asked to pre-record this session which will be made available on-demand.
- Live Interactive Session

LFN Staff may elect to publish some videos to YouTube. Please indicate here if you do not want your session to be published to YouTube.

Demo & live session - we are going to present the result and how to run our tool, but in the mean time [Piotr Stanior](#) will present the architecture
