Minutes/Updates

- June DTF- topics are now being accepted for virtual presentation: 2022 June DTF Virtual-Only Track
- eBPF day ReadOut:
    - Santhosh: logistic issues

- Pre-recorded session
- Audio system bad (Echos)
- How many people?
  - No idea.
- Got an email from a VC developer
  - Forward to LJ, will contact and try to get a session at a future TSC meeting
- Please put slides, etc in L3AF collatoral

- Youtube link:

> 🗒 Unknown macro: 'widget'

- MAC update:
  - Interest in L3AF
    - Need to have questions in advance to pass by legal (Wallmart)
    - Microsoft - probably okay with just doing the blogpost. We have done it before.
    - Recorded videos
  - Publication cadence for blogposts
    - Videos - lovely, but don't block on them
  - Need external visibility
- LFN board meeting
  - Need to grow the l3af community: Contributors and company diversity
- Make use of collaroral page: https://wiki.lfnetworking.org/x/pa4ZB
- Lj: Working with Heather and Shredhar from Aniket community
  - Intersect points with Aniket and L3AF
  - In progress...
  - Followup meeting coming soon.
- Start of DTF: Single session with lightning talks? https://wiki.lfnetworking.org/x/-oQZB
  - Nope, but this is an interesting point: Need to circulate the idea
- Come up with some tech/arch conversations for upcoming calls
  - Would be great to see the direction and roadmap for the project
  - Use cases, blockers, etc
  - Santhosh: Yes, agreed
    - Will write agenda for next week.
    - L3AF and AKS coexistance
    - Put comments is Slack in general channel
    - Put in repo as issues?
      - Yes, this is more permanent
  - Kiran: Put KFs in repo, need to know where to put them and to understand the structure
    - Santhosh: Will help
