

2022-12-19 CVC Meeting Minutes

Attendees

- [Olivier Smith](#)
- [Sandra Jackson](#)
- [Scot Steele](#)
- [Kodi Atuchukwu](#)

Absent (but included here so they receive the meeting minutes):

- [Yan Yang](#)
- [Lincoln Lavoie](#)
- [Marc Price](#)

Open Action Items

Task report

Looking good, no incomplete tasks.

Agenda & Minutes

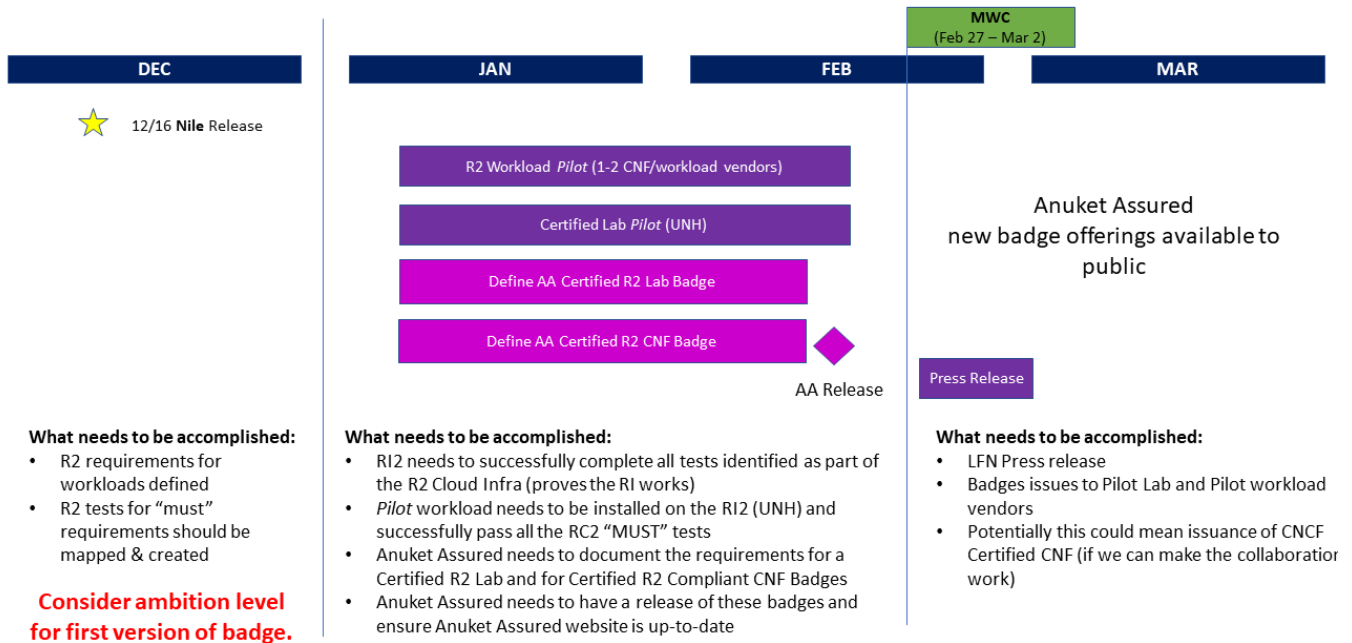

Standing Items:

- Review Open Action Items (from weekly meeting minutes)
- Review Open Issues in GitLab
 - **REMINDER:** We have an open merge request that needs to be reviewed:
 - [Update AAP documentation to align with the LFN verification page \(!11\) · Merge requests · lfnetworking / CVC / anuket-assured-docs · GitLab](#)

Topics for this week:

- Review the latest updates on [Verification – LF Networking](#). [Olivier Smith](#) requested that everyone review the site and notify him if anything needs fixing or if there are any further improvement ideas. Note that we now have sub-pages for each badge category. The idea is that overtime this will allow us more space to share details for each category including a listing of badges that have been awarded.
- Scot and Olivier gave a recap of the meeting on Friday with UNH (Topic: Progressing Certified Lab and Certified R2 CNF with an ambitious goal of Q1/2023)
 - CVC needs to define Certified Lab (What is it, why is it needed, objectives, how it works with CVC, etc.) Olivier took an action to work with CVC on this task.
 - [Lincoln Lavoie](#) has agreed to do some looking in prior OPNFV documents to see if we can find some background information on labs that would help us.
- Brief update on collaboration efforts between CNCF and Anuket
 - Scot and Olivier meeting with Gergely today to align within Anuket
 - Idea is to meet with CNCF to propose concrete ideas for how we can collaborate
 - Meeting scheduled for Tuesday (12/20) between Anuket & CNCF
- Info: The next LFN D&TF Feb 13-16 (Virtual only)
 - The [Topics Page](#) is **OPEN** for anyone with an idea.
 - We should consider doing something around Anuket Assured (for example sharing badge plans for 2023. Interesting to know if there are other LFN projects that would benefit from what Anuket Assured can provide around Compliance and Verification.
- **The next CVC meeting January 9th**

Latest Version of Plan:

The Road to R2 Certified Lab and R2 CNF Badge Offerings

New Action Items

- ✓ Olivier Smith - Work with CVC team to document WHY we need a Certified Anuket Labs.
