

2023-02 - Plenary: Consumability of LFN projects - 45 min

About Plenary Sessions

A Plenary session implies that all attendees are expected to attend due to either their relevance or importance to LFN as a whole.

This usually means that no other sessions will be running in parallel. Topics may be reclassified as "General Interest" by the Program Committee to run as a parallel session if deemed appropriate.

Topic Leader(s)

- [Gergely Csatri](#)

Topic Description

Let's brainstorm about the main factors for open source consumability, what makes an open source project successful and how can we achieve this for LFN projects.
